

Nether Stowey has 32 footpaths.

Can you help maintain them, or perhaps you already do?

Footpaths - volunteering opportunities!

From walking a chosen path 3 or 4 times a year (enthusiasm and safe use of secateurs) or getting involved in management of public access (consultations and draft policy documents) or carrying out clearance work with a brush cutter (more on the physical side) to taking on the role of Parish Path Liaison Officer (a title with the role!) or becoming a Trail Watcher Plus on the Coleridge Way (poetry enthusiasm optional) - the possibilities are numerous.

To investigate further go to Somerset Council's website volunteering.somerset.gov.uk and browse the various openings. There's a particular need for Ease of Use surveyors at the moment – contributing to a rolling program of path surveys across the county.

If you prefer less commitment - just carry a pair of secateurs with you on your walks. And if you already do that, or more - THANK YOU.
